OPPORTUNITIES TO DEVELOP YOUR SKILLS

Volunteering is all about making a difference to other people's lives. Perhaps you're interested in animals or conservation? Or you might like to work with older people or raise money for a cause that means a lot to you? From teaching children cyber safety to starting a local recycling campaign, the Volunteering section of your DofE enables you to give your time to help others and change things for the better.

Physical is a chance for you to focus on your health and fitness and have fun along the way. As long as you pick something that requires a sustained level of energy and physical activity, the possibilities are endless.

Skills are about discovering what you're really good at. Maybe you want to get better at something you already do, like playing a musical instrument, or learn something for the very first time, like how to design a website?

Expedition As part of a small team, you'll plan and complete a practice and final expedition that will truly stretch your horizons. You'll improve your communication and leadership skills and take a rucksack full of memories home with you.

Residential (for Gold award only) You'll spend five days and four nights taking part in a shared, worthwhile activity with people you've never met before. A DofE residential will boost your independence and confidence and is a great way to leave a positive footprint on your life and other people's.
